FILTER ELEMENT

**replacement for
2600 R 025 W/HC/-KB**

**KMS TEKNOLOGI[®] - FILTER ELEMENT
MODEL : 2600R025WH-NB
with upgraded material**

**KMS TEKNOLOGI[®]
MODEL : 2600R025WH-NB
with upgraded material**

Specifications:

size 2600 series without bypass
with upgraded material to perform better filtration
& non collapse stability
pore size 25 μ (others on request)
multi layer stainless steel wiremesh material
pressure 25 bar
NBR sealing
cleanable to some extent

filtration area 32847 cm²
maximum working temperature 100°C
Brand : KMS TEKNOLOGI[®]

Completed with :

1. COO from Manufacture KMS TEKNOLOGI[®]
2. Warranty 1 to 1 replacement for manufacture defect from KMS TEKNOLOGI[®].
